

DEEPLY REGRETTED.

Every respectable citizen in this section deeply regrets the death of Mr. Lamsden, and the cowardly murderer will we believe, pay the penalty of his crime. We have many law-abiding citizens who will not rest until such an act is punished.

Two of the largest black berries of the early Wilson variety, ever seen in this section were presented to us a few days ago by Mr. R. W. Caviness, of the VanLindley Farm, together with a most delicious basket each of apples and peaches. One can hardly realize the many productive qualities for fruits we have in our soil, and there are yet hundreds of acres awaiting development.

The 4th of July was a quiet day in Southern Pines, and the only noise we heard was a few firecrackers at night.

State Normal and Industrial College of North Carolina.

The attention of our readers is called to the advertisement of The North Carolina State Normal and Industrial College appearing elsewhere in these columns. This college place the best educational advantages within the reach of the young women of the state at a cost ranging from \$92 to \$132.

We notice that 490 young women representing every section and nearly every county in North Carolina were enrolled as students during the session of 1899-1900. Of these 299, according to their own statements would have attended no other college; 172 of them defrayed their own expenses; 40 of them earned most of their expenses by work in the dining-room and laundry; 105 of them had taught before entering college; 427 of them were prepared partially or entirely in public schools.

Any young woman upon taking the pledge to teach after leaving the college two years in some public school or private school of the state will receive free tuition. All free tuition students cannot secure boarding places in the dormitories, but each county is entitled to a certain number of appointments to these places. The entire expenses including the use of text-books of a young woman holding such an appointment would be \$92 for the college year.

This county is entitled to two places in the dormitory.

Heartburn.

When the quantity of food taken is too large or the quality too rich heartburn is liable to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Johnson's Pharmacy.

The Nashville American has equipped itself with a new \$25,000 three-deck, straightline, Hoe web-perfecting press. It may hereafter be expected that our always able and interesting contemporary will live up to its new machine. There is no better indication of the push and life of a town than that presented by the quality of its newspapers.

It has been demonstrated by experience that consumption can be prevented by the early use of One Minute Cough Cure. This is the favorite remedy for coughs, colds, croup, asthma, gripe and all throat and lung troubles. Cures quickly. Johnson's Pharmacy.

TIME AND SPACE

are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in

so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—of the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.
